Ross Szabo

Keynote Speaker

Ross was diagnosed with bipolar disorder at age 16 and was hospitalized for attempting to take his own life during his senior year of high school. He tried to hide what he was feeling to convince everyone that everything was okay, but that can only last for so long.

Ross uses tasteful humor and insights to help us understand common mental health conditions and individual differences. He is now the CEO of the Human Power Project, and is an award-winning mental health speaker, writer, trainer and Returned Peace Corps Volunteer. He is also the co-author of *Behind Happy Faces; Taking Charge of Your Mental Health*.
